The World Wars Through the Female Gaze (9780809322084): Jean Gallagher

In some countries, these figures reached staggering proportions: In France, black soldiers were 77 percent of those of rape; 80 out of the 96 men the military for crimes in Europe and North Africa were black. As the war progressed the military leaders began to see the substantial impact the women could make. Inspired by the Finnish Lotta Svärd, the Ministry of the Air set up a specialized unit called the 108th Medevac Light Transport Squadron, better known as the Escadrila Albă, which included mostly female pilots and included , , , and.

Women also played an important role in British industrial production during the war, in areas such as metals, chemicals, , shipbuilding and engineering. Skarbek and her partner Andrzej Kowerski went to the British embassy and received new identities as Christine Granville and Andrew Kennedy. As men left their old work to fill the need for soldiers, women were needed to take their place in the workforce.

In France the fear of German soldiers raping French women—and rapes did occur—stimulated an argument over loosening abortion laws to deal with any resultant offspring; in the end, no action was taken. In 1940 Ernest Bevin persuaded engineering employers and unions to give women equal pay to men since they were taking on the same tasks that men previously had; this became the Extended Employment of Women Agreement. The easiest and fastest way out of the service was pregnancy.
