### White House

The official home for the U. The Oval Office, which has served as the president's office since President William Howard Taft in 1909, is in fact oval-shaped and features the oak , gifted to President by Queen Victoria in 1880 and made from boards of the British ship H.

### The President's Neighborhood

Every president since John Adams has occupied the White House, and the history of this building extends far beyond the construction of its walls. Should the president live in the North or the South? Today, you can see chairs that people sat on more than one hundred years ago! There were no good roads into the village, and no good docks for boats.

### White House

Although President Washington oversaw the construction of the house, he never lived in it.
