### thaddeus lowe uncle sams first airman by sims lydel

When Pancho died of heart failure in 1975, her life had come full circle. In time Lowe came to recognize the rows of humps on distant hills as rows of tents and by counting them, Generals like Joe Hooker who went up more than once in the balloon, could calculate how many troops were in the area. The height of the hill was a definite advantage, however the trees hid many of the rebel troops.
