Changing higher education policies: From the deinstitutionalization to the reinstitutionalization of the research mission in Polish universities

Admission to public schools is typically automatic for those students who have successfully completed six years of primary education.

Is Privatization Necessary to achieve Quality of Universities?

In most sub-Saharan African countries, girls from the poorest households remain most disadvantaged in terms of school participation. Students who fail to earn a rating of 75 percent in any given subject must repeat that subject, although in most cases they are permitted to enter the next grade.

Prometheus Bound: The Changing Relationship Between Government and Higher ...

Innovations that produce successful learning in one nation can have a ripple effect as other nations adopt and adapt these methods for their own use. EI is lowest in Tibet, whose value of 0. Moreover, because building economic sophistication is a long and costly process, we further identify whether the changes in the nature of this relationship is conditional on the evolution of other economic and social factors.
