. This is the story of women as creators and innovators, aiming to provide a history of women in rock, pop and soul - on stage, on camera and working behind the scenes in a male-dominated industry. Adding a feminist perspective to her incredibly detailed knowledge of the stars and their music, and including an abundance of personal interviews, Lucy O'Brien tells these women's stories and their struggle not only for acceptance, but also for recognition and success, in a culture they are still striving to call their own.
