Settlement hierarchies

The emergence of urban population occurred also in some areas.

Classification of Rural Settlement

Therefore, in modern economies no town can be a single functioned town. Distribution of Population in Urban and Rural Areas, 1960, 1970, 1980 Map 1-2. Compact or Nucleated Settlements In the nucleated settlements, the houses are built very close to each other.

Chapter 19

The functions of these cities are not fix and change with the time as cities are dynamic in nature. The only exception was the higher mortality rates in children and adolescents in the more rural areas.

Rural settlement

The growth of settlement of a given place is always dynamic as it changes time after time due to the different factors. Campbell R, Stevenson G: Community differentials in health in Northern Ireland: A report to the Northern Ireland Department of Health and Social Services.
