North British Railway history and livery notes

The Clyde Commissioners were building what became the Queens Dock at Stobcross, and the NBR were anxious to ensure an efficient railway connection to it; this became the which opened in 1874, in fact before the inauguration of the dock.

Forth Bridge

The North British Railway: Volume 1 1st ed. The first episode of the UK television series Britain's Greatest Bridges featured the Forth Bridge and was aired on on 12 January 2017. On the first day of 1875 the was vested in the NBR.

East Coast Main Line

The preparations at South Queensferry were much more substantial, and required the steep hillside to be terraced. In 1986, the section to Huntingdon was completed, Leeds was reached in 1988 and the line to York was energised in 1989; by 1991, electrification had reached Edinburgh and electric services began on 8 July, eight weeks later than scheduled.

LNER Encyclopedia: The North British Railway

The NBR now—at last—had a first class line to Perth via Cowdenbeath, Kinross, and the new ; they also had a new line from Inverkeithing through Burntisland.

Samson

Most people had assumed that public money would be made available to build the preferred route; the sudden tightness of the commercial money market ensured that no group of promoters rushed to do the Commission's bidding. John Bain of Morriston has been appointed a director of this line, in room of Mr James Balfour of Whittingham, resigned.

Advanced Search

With a fast steamer that had a good reputation on the Rothesay route, the company extended their sailings to the capital of Bute. Other principal stations were located at Sunderland, Darlington and Hull. There is no mention in the Bradshaw of the most frequent short trains in Musselburgh the main line that was laid in the beginning of the service.

NBRSG : Modelling introduction

Inglis but her compound diagonal machinery marked a departure from earlier steamers.

North British Steamers

The Borough of Kennett Square was formed from the Township and incorporated in 1855.
