National Conference on Numerical Methods in Heat Transfer, 1st, University of Maryland, College Park, Md. , September 24

Heat Transfer, 105, 584—591 1983 ; b Pignotti, A. New York : American Institute of Chemical Engineers MLA Citation National Heat Transfer Conference. Such topics as the irreversibility of HT and mass transfer MT , HT in disperse systems at high temperatures, fixed-bed reactors with submerged tube bundles, HT and MT in a low-speed turbulent boundary layer with condensation, multilayer insulation blankets for spacecraft applications, HT and MT in transpiration-cooled turbine blades, and finite-element analysis of HT in a solid with radiation and ablation are discussed.
