Scientific Cognitive Environmental Aesthetics: What is the basis for appreciating aesthetic qualities?

I don't know if she read it or not, but she said that she thought it would be an interesting read. Lapper, born without arms and with foreshortened legs, had already begun to represent herself as the next incarnation of the Venus de Milo before she met Quinn. The absolutely large, however, is not the result of a comparison Now, of course, any object is measurable — even the size of the universe, no less a mountain on Earth.

Yi

Kant will claim that teleological judgments are also reflective, but in a different way — that is, having a different indeterminacy with respect to the concepts typical of natural science.

Amazon.co.jp: Passing Strange and Wonderful: Aesthetics Nature And Culture (English Edition) eBook: Tuan, Yi

This process is not a taboo for philosophical reasoning, the only condition for the philosophical reasoning is that it has to surrender before imagination.

Passing Strange and Wonderful: Aesthetics, Nature, and Culture (Kodansha Globe)

Human beauty is inescapably tinged by eroticism, if it is genuinely felt and not a response dictated by convention. The aesthetic is not merely one aspect of culture but its central core -- both its driving force and its ultimate goal.
