International Colloquium on Modern Astrometry and Astrodynamics : Festschrift Eichhorn (Heinrich Karl)

Other contributions to the meeting published in this volume discuss, among other subjects, solar physics, formation of planets and interferometric imaging in astronomy.

Modern Astrometry and Astrodynamics

Machine learning and parallel computing are increasingly becoming cross-disciplinary as the phenomena of Big Data is becoming common place. After establishing similarity in data gathering, pre-processing and handling, the data science aspects are illustrated in the context of both fields.
