**Gigi. The Story of a Merry**

After giving her the gift, Gaston becomes even more concerned for Gigi because of the unrelenting attention and judgment by the other patrons.

**Gigi (1958 film)**

Suddenly he begins to feel a little funny - and wishes that the ride would stop; and so it does when he wakes up! Lerner had taken liberties with Colette's novella; the character of Honoré, nonexistent in the original book and very minor in the Loos play, was now a major figure. The final sequence returns to Honoré Lachaille, proudly pointing out Gaston and Gigi getting into their carriage in the Bois de Boulogne: the couple is elegant, beautiful, and happily married. Possible writing in margins, possible underlining and highlighting of text, but no missing pages or anything that would compromise the legibility or understanding of the text.

**Foster, Elizabeth**

It's a pop-up and fold-down boo.
