Note that, within northwestern Europe, the German-speaking countries are unique, exhibiting exceptionally low fertility since the 1960s. . .

The Demographic Challenge: A Handbook About Japan

. .

Gendai

. It is striking to note that, among the less developed countries, there are countries whose total fertility rate is even lower than low fertility countries in the more developed regions.

JAPANESE SWORD

Monbushō appears to be taking many of the steps towards meeting these conditions. .

JAPANESE SWORD
