Psychiatric Interviewing 3rd Edition

Specifically the graduate student or psychiatric resident must learn how to adapt their newly acquired core interviewing skills for use in the real world of community mental health centers, inpatient units, college counseling centers, private practices, and emergency departments. Shea is an extremely gifted teacher, whose vibrant story-telling skills and compelling videos have led to him garnering some of the highest evaluations in the 30 year history of the Cape Cod Symposium.

Psychiatric Interviewing: The Art of Understanding: A Practical Guide for Psychiatrists, Psychologists, Counselors, Social Workers, Nurses, and Other ... Professionals, with online video modules

It's no wonder that this text has established itself as both a leading scholarly reference and an indispensable clinical resource. Shea deftly integrates interviewing techniques from a variety of professional disciplines from psychiatry to clinical psychology, social work, and counseling providing a broad scope of theoretical foundation.

Psychiatric Interviewing E

I hate to say it, but a medical doctor has written the best social work interviewing text on the market. Over five years in the making, this classic introduction to the art of clinical interviewing returns, updated, expanded and innovatively designed for today's reader with over 7. Interviewing Techniques For Understanding the Person Beneath the Psychosis 13.

Psychiatric Interviewing, The Art of Understanding 3e by Shawn Shea

Updated to the DSM-5, the text also illustrates how to arrive at a differential diagnosis in a humanistic, caring fashion with the patient treated as a person, not just another case. Note that the 3rd Edition of this book is specifically designed to allow faculty to literally create the textbook that he or she feels is best suited for the course being taught. Eligible products include; books, audio books, stationery, DVDs, calendars and diaries.

Psychiatric Interviewing: Interview with Shawn Christopher Shea, MD

Psychotic Disorders: How to Sensitive Arrive at a DSM-5 Differential Diagnosis 12. Considerations on how to conduct a proper interview. The student must learn how to sensitively elicit suicidal ideation and intent as well as violent ideation and intent.

Psychiatric Interviewing, The Art of Understanding 3e by Shawn Shea

Every resident should buy and read this entire book before taking his or her first night of call.
