EDUCATIONAL LEADERSHIP & LEARNING: Practice, Policy and Research

These bring focus and self-evaluation, realism and ambition, challenge and support to work and progress.

What is the impact of Learning Management System (LMS) in future?

. The problem needs to be addressed at a structural level in a coordinated manner. Under present arrangements no child currently in the system will be deprived of the opportunity to perform to the best of his or her ability.

Elton Report (1989)

This, together with the fact that the present criteria appointing head teachers seem only to satisfy bureaucratic requirements, it becomes even more crucial that appropriate training courses are provided to ensure a smooth transition from centralised governance to a decentralised model.

Challenges & Benefits of Learning Management Systems (LMS)

Such exchanges provided opportunities for super- intendencies to influence other professionals in the district while at the same time to be influenced by them.
