Colloque Doctoral International de l'Education et de la Formation

Les recherches en éducation relatives au savoir-être ont pour objectif de trouver les moyens pédagogiques permettant aux apprenants d'acquérir au mieux la maîtrise d'actions et de réactions adaptées à leur organisme et à l'environnement : préservation, , , contrôle personnel, comportement adéquat, respect, action collective, entraide, affirmation de soi, maîtrise, communication, gestion des conflits... La notion de savoir-être est parfois contestée car elle impliquerait une modification de l' et du de l'individu. In schools, teachers stand in the central position for students.
