Bastiat

In France, Proudhon has the right to be a bad economist because he is reputed to be a good German philosopher. During his three years in prison, Proudhon married and fathered a son, and wrote and published four books.

Glossary of People: Pr

PROUDHON, PIERRE-JOSEPH 1809-1865 George Woodcock PROUDHON, PIERRE-JOSEPH 1809-1865, has been called the father of anarchism, a title that is accurate insofar as organized anarchist movements throughout the world can be traced to his teachings and to the actions of his disciples.

Proudhon, Pierre

Proudhon goes on to suggest that the real laws by which society functions have nothing to do with authority; they are not imposed from above, but stem from the nature of society itself. His polemical writing style, combined with his perception of himself as a political outsider, produced a cynical, combative journalism which alienated some, but appealed to many French workers. I myself put the problem this way; to bring about the return to society by an economic combination, of the wealth drawn from society.

The Life and Ideas of P.

Only decentralization of political power and a federal union would allow these different groups and localities to thrive. He wishes to dispose of his own time, to be governed only by necessity, to choose his friendships, his recreation, and his discipline; to act from judgment, not by command; to sacrifice himself through selfishness, not through servile obligation. He was successful, however, in the complementary elections held on June 4, and was therefore a deputy during the debates over the National Workshops.

Stafford, David, From Anarchism To Reformism p.

Autoritatīvā DB

Wrote against the allied intervention and in support of the Soviet government, but never joined the Communist Party of Great Britain. Let us make a distinction between the principle of association, and the infinitely variable methods, of which a society makes us. Property was essential to building a strong democracy and the only way to do this on the large-scale was through co-operative associations.
