Legends of a Roman Port in Lancashire

It features sixteen figures of fighting cavalry and infantry men on top, a turreted wall running across the brow, and small locks of hair just beneath. Route confirmed via Leyland with some Lidar evidence. Ribchester cavalry sports helmet viewed at British Museum, London.

'Lost' Roads of Ancient Rome Discovered with 3D Laser Scanners

The Ribchester Helmet has been dated to between the late 1 st and early 2 nd centuries AD.

Roman Roads in Lancashire

A man from Wiltshire may have unearthed the biggest Roman villa in Britain — at the bottom of his garden! However, as the site is currently unlisted and therefore unprotected, its precise position has been requested to be kept secret. Several years later, more bodies came up. Excavating a wall belonging to the London's second Roman Forum, which cut through the late 1st century fresco @ MOLARed panels bordered with cream lines surround a main decorative scheme on the frescos.

Archaeologists discover one of Roman Britain's earliest surviving frescos beneath City of London street

The Roman occupation influenced almost every sphere of life in Britain, including culture, language, geography, and architecture. Head up Church Street to the White Bull pub on your right. Interestingly, sometimes after a coin had been made it would be dipped into precious metals to increase its value during times of economic hardships.

News

These finds consist of 70+ hobnails found in one of the north areas of the trench. Ancient Ribchester Helmet back home at last.
