China's economic transformation

Responding to those challenges often requires the multilateral community to impose pressure on the offending nation, and Beijing fears that if China faces another massive social movement such as the 1989 Tiananmen crisis, it could once again find itself on the receiving end of multilateral pressure. Before making any decision or taking any action that may affect your business, you should consult a qualified professional advisor. In China: The Race to Market, a leading expert in assessing investment risks in China offers a comprehensive briefing on what to expectand what to watch out for.
