It starts strong but eventually becomes more like a textbook. En scrutant le fonctionnement, l'histoire et les traits de caractère de notre cher pays, ils nous invitent à le redécouvrir d'un oeil neuf et grand ouvert! The book, therefore, is for me an experience in reverse psychology - undestanding the mindset the authors come from that makes them write the way they do about the french. It is an anthropological assessment and takes a broad stance in how it assesses France.

Depardieu est devenu Russe : pas si fous ces Gaulois !, par Alexandre Latsa

This is the best part of the book. Where people expect the State to do everything because they pay so much in taxes. Un livre salutaire et très rafraîchissant, qui présente les Français sous un jour pas si défavorable, et pourrait bien servir à nous éclairer sur nous-mêmes.

Pas si fous, ces Français! by Jean

Popular culture becomes more and brutal with a great amount of disrespect and brutality. The state takes care of many things the private sphere does in America.

JEAN

Empecé a leerlo como lectura recomendada de la EOI, para encontrarme poco después enganchada a las vivencias de los autores, los cambios culturales vividos, algunos tan extraños como para los mismos protagonistas y otros en cambio totalmente normales.

Depardieu est devenu Russe : pas si fous ces Gaulois !, par Alexandre Latsa

The first part focuses on some key cultural traits and distinctive features of the French. I loved The Man Who Walked Through Walls in the English translation, a book of fantastical short stories set in or inspired by life in occupied France. In France liberal is the hated, unjust free market economy of private sector top-hatted capitalist exploitation.

Pas si fous, ces Français!

I liked part one a lot.

Depardieu est devenu Russe : pas si fous ces Gaulois !, par Alexandre Latsa

Vous êtes toujours en France. . Productbeschrijving Les Francais mode d'emploi.
