Microcredit

Nepal Rastra Bank started its journey towards a sustainable banking system in 2014 when it joined the IFC-supported Sustainable Banking Network SBN. In addition, participation within organizations is considered to be an important component of the overall participatory process. Social values, belief systems and norms of rural society do not support the participation of the poor in social and political institutions.

iDE

AAA reflects DBH's strong asset quality, capital adequacy, operating efficiency, management strength, corporate governance and market leadership.

Empowerment through participation in

local governance: the case of Union Parishad in Bangladesh

The Article 45 of the UP Act provides provision for establishing 13 standing committees on specific matters. It is to be noted that the proposed budget is prepared based on the recommendations of Ward Shava. The UP is the bottom tier of the local government institutions in Bangladesh which provides services to citizens at their doorstep.

Microcredit

This National Treasury technical paper defines Sustainable Finance for the South African context and articulates a shared vision for its implementation. The mayor and councilors of municipality or city corporation are directly elected on the basis of adult franchise for the tenure of five years.

Sustainable Banking Network

There is no training program for the UP functionaries for orientation on village courts. The project focused on increasing the provision of safe water and hygienic sanitation in the rural areas of Bangladesh, particularly where shallow aquifers were highly contaminated by arsenic and other pollutants. Capacity constraints within the government were addressed through new innovative water supply and sanitation WSS service delivery approaches viz.
