Learning Objectives

Hi, could I please get a pdf of Principles of foundation engineering 7th edition by Braja Das. Here, for example, is the printed version a program from the APL Language manual that computes the mathematical determinant of a matrix: A Taste of APL APL is a concise high-level programming language that differs from most others developed in the 1960s in several respects: Order of evaluation: Expressions in APL are evaluated right-to-left, and there is no hierarchy of function precedence. In the infancy of online instruction, considerable emphasis was given to demonstrating equivalence between online and traditional face-to-face instruction.
