Research

The total number of the students was 90 who participated in a translation test which contains 16 idioms of different categories. I plan to sink as deeply into the place as I can, learn about its ecology and meet the people who live there and love it, and write about that experience.

American Concrete Institute

We would like to hear from you! Language learners and educators have subscribed to the belief that those who go abroad will have many opportunities to use the target language and will naturally become proficient.

The organization of small libraries : a manual for educational institutions in tropical countries / ...

This paper is rooted in an expanded view of construct validity, whereby the role of testers does not end in the development phase of the language tests they employ. Private schools, co-ed schools, preparatory, secondary, International schools.
