51 Best Language Learning Apps of 2021 (Learn Fast at Home!)

Though a large majority of the Afghan population is conversant in either Pashto or Dari, the question of whether a single language can claim to be spoken by a majority of the population remains difficult to quantify. As is well known, the Pashtun people place a great deal of pride upon their language as an identifier of their distinct ethnic and historical identity.

Pashto

Overview Mango Languages is a software that combines quality content, intelligent technology, and an adaptive algorithm that delivers useful phrases from real, everyday situations. As of 2010, there are about 30 million native Kurdish speakers all around the world, with 20 million speakers in Turkey alone.
